NEW \$15,000.00 CHURCH

THE REV. R. C. MILLER'S EAST SEDALIA FLOCK TO EXPECT IT THIS SUMMER.

BIDS TO BE OPENED ON MONDAY APRIL 19

Plans and Specifications Were Prepared by Thomas W. Bast—Expect to Have It Finished By September 1st.

Plans and specifications for a new building for the East Sedalia Baptist church, of which the Rev. R. C. Miller is pastor, to cost in the neighborhood of \$15,000, are now in the hands of different contractors to bid on the work for the erection of the building. Bids will be opened Monday, April 19, and the lowest and best will be accepted, after which the contract will be let and work will be begun immediately.

The new church will be constructed of brick, and will be erected on the lot now occupied by the church at Fifth street and Summit avenue.

It will be up to date in every detail and will afford a larger seating capacity than the present edifice—in fact, will afford as much space as the Fifth Street M. E. church, South.

T. W. Bast, the architect, prepared the plans and specifications for the structure, under which will be built a full basement for Sunday school purposes, reading rooms, etc.

Quite a large sum of money has been subscribed to help pay for the church, while a snug sum is now on hand. The intention is to have the building finished by September 1.

Some three years ago the members of the church began considering the plan of erecting a new building, and step by step they have pushed the work until today their hopes are beginning to be realized.

MAN "STARTED SOMETHING"

But Deputies Card and Menefee Were Dumb as Oysters.

"If you want to know who is running this place, just start something," were the words printed in heavy type on a large piece of cardboard which hung conspicuously in the office occupied by Deputy Sheriffs Card and Menefee.

An unsophisticated individual of the male persuasion entered the office today without uttering a word. Quietly and peaceably he overturned chairs, rearranged the desk, slammed the doors, opened the windows and did various other things not exactly required of a stranger, but left the place unharmed and unmolested.

Both deputies stood near by gazing at his maneuvers but said nothing. After his departure both officials removed the card, and each made a solemn vow not to replace it.

The stranger evidently knew who was running the place.

WILL MARRY NEXT MONDAY

Mr. A. J. Tillberry, Aged 82, and Mrs. Catherine Battles, Over 60.

A marriage license was issued today to A. J. Tillberry, of South Engleer avenue, and Mrs. Catherine Battles, also of this city.

The Rev. Fr. B. R. McNamee, pastor of St. Patrick's Catholic church, will unite the couple in marriage at the church, at 8 o'clock next Monday morning.

Mr. Tillberry is 82 years old and is well known in Sedalia.

His bride-to-be is over 60 years of age. They will go to housekeeping in his building over W. J. Letts' grocery store.

HAD 100 AT THE BANQUET

Given Monday Night at First Christian Church Parlor.

One hundred business and professional men of the city attended the banquet given at the parlors of the First Christian church Monday night by the official board of the church.

Each of the ten members of the board was privileged to invite ten guests, and a delicious supper was served by the Ladies' Aid society.

The following constituted the menu: Roast beef with gravy, brown potatoes, peas on toast, ham, hot biscuit, coffee tea, pickles, olives, jelly, pie

and other delicacies and substantial. During the evening Mrs. E. B. Quisenberry rendered several vocal selections, and toasts were given by many in attendance, the program printed Sunday being carried out. It was after 10 o'clock when the affair was concluded, all expressing their heartfelt thanks for the enjoyable time had.

Home Company Paid \$220.75.

The Home Telephone Co. today handed to City Treasurer John Brandt a check for \$220.75, this being 2 1/2 per cent of the gross earnings of the company for a given period, and which is in compliance with its contract with the city.

BRIDE-TO-BE IS HONORED

BY YOUNGER MEMBERS OF THE EPWORTH LEAGUE OF GERMAN M. E. CHURCH.

MET AT THE HOME OF MRS. E. HAUSAM

Miss Elizabeth Peithman and Mr. Walter Sandfort, of Humboldt, Kansas, Are to Be Married on April 14th.

The younger members of the Epworth League of the German M. E. church met at the home of Mrs. Elizabeth Hausam, 1905 South Ingram avenue, Monday night, to provide entertainment for Miss Elizabeth Peithman, of three miles north of Sedalia, who is soon to be married to Walter Sandfort, a young farmer of Humboldt, Kas.

The guest list numbered thirty, and several contests were indulged in, foremost of them being a hat-trimming contest for men. The prize was awarded to the Rev. Mathew Hermann.

At a late hour refreshments of ice cream and cake were served.

The marriage of Miss Peithman to Mr. Sandfort will occur at the home of the bride's parents, Mr. and Mrs. Frederick Peithman, three miles north of Sedalia, at 8 o'clock Wednesday evening, April 14.

The Rev. Mathew Hermann, pastor of the German M. E. church, will perform the ceremony, which will be followed by a wedding supper and the couple will leave soon afterward for Humboldt to reside.

WORKING ON NEW TIME CARD

Better Train Service to Be Given With 3-Cent Fare.

Superintendent A. J. Alexander, Trainmaster E. M. Dennis, J. W. McClain and other Missouri Pacific officials went to St. Louis last night to prepare a new time card, which will go into effect in the near future.

Various rumors are being circulated as to what the new card will produce, among them being that the Lexington branch passenger trains, Nos. 621-2, will be run through Sedalia to Warsaw and return and then to Kansas City.

According to this last rumor, it merical Traveler will be installed to run between Sedalia, Tipton, Booneville, Versailles and even as far as Marshall.

According to this last rumor, it will start from Sedalia and make regular "street car" trips to those points, making Sedalia the lay over point.

OTHER "DRY" VICTORIES

Elections Were Held in Michigan and Kentucky.

Special to the Democrat-Sentinel.

St. Louis, Mo., April 6.—Nineteen out of twenty-seven counties in Michigan voted "dry" Monday and the republicans elected their state ticket by 75,000 plurality. Eleven of the eighty-three counties in the state were already dry.

Boyd county, Ky., also voted "dry" Monday by 225 majority, making 96 of the 119 counties in the state "dry," under the county unit law.

Mrs. Whisman Is Ill.

Mrs. Charles T. Whisman, wife of the president of the state board of examining barbers, is ill with la grippe and nervousness at her home, on West Fourth street, although there is a change for the better today.

TO LECTURE HERE MAY 17

DR. J. N. McCORMICK, BOWLING GREEN, KY., BEFORE MEDICAL SOCIETY.

COMMITTEE APPOINTED MONDAY NIGHT

Dr. S. G. Kelly Did Not Read Scheduled Paper, but, Instead, Dr. Chas. A. McNeil Spoke on a Very Rare Skin Disease.

The Pettis County Medical society, at Monday night's meeting at the court house, appointed a committee, of which Dr. Charles B. Trader is chairman, to perfect arrangements for entertaining in Sedalia on May 17 Dr. J. N. McCormick, of Bowling Green, Ky., a representative of the American Medical association.

Dr. McCormick, who is sent out by the association to lecture throughout the country, will deliver a lecture to the members of the Pettis County Medical society and the professional men of the city here on May 17.

On the night of that date Dr. McCormick will hold a meeting for the professional and laymen of the city, with a view of creating harmony between the two.

He is widely known as a physician and surgeon throughout the country, and comes direct with orders from the American Medical association.

At Monday night's meeting Dr. J. P. McCann, of Lamonte, and Dr. J. A. Powers, of Dresden, were admitted to membership in the society, and the paper on "Tonsillar Therapy," which was to have been read by Dr. S. G. Kelly, was postponed.

Instead, Dr. Charles McNeil, of the M. K. & T. hospital staff, spoke on a rare skin disease.

The members of the society are looking forward with interest to the visit of Dr. McCormick in Sedalia, as he is reputed to be a very able and interesting orator.

A VERY QUIET ELECTION

The Saloons Are Closed, but Will Re-open at 7 O'clock.

Today's municipal election in Sedalia is exceedingly quiet. There are four aldermen, two school directors and a county school superintendent to elect, with three tickets in the field for all except the later office. Mr. Luckett having no opposition.

The nearly thirty saloons in the city have the "lid" nailed down tightly, but it will be removed at 7 o'clock p. m., after the polls have closed at sundown, which will be 6:28.

If one-half of the normal vote is polled many will be surprised. At 3 o'clock the total vote in the four wards was as follows:

First ward—234.
Second ward—193.
Third ward—263.
Fourth ward—371.

There is a hot fight on in the First and Second wards, with the result in doubt, but the election of Nicholson, democrat is predicted in the Third ward, and of McKenzie, republican in the Fourth.

WILL WED EASTER SUNDAY

Mr. J. R. Henderson and Miss Mollie Enlow By Rev. Campbell.

The approaching marriage of J. R. Henderson, a plumber for William Boland, and Miss Mollie Enlow, of South Osage avenue, which event was anticipated in the Democrat-Sentinel several weeks ago, will take place at the home of the bride's sister, Mrs. Harry Bascom, at 2 o'clock on the afternoon of Easter Sunday.

The Rev. F. Y. Campbell, pastor of the First Baptist church, will perform the ceremony, which will be witnessed only by immediate relatives.

HEARST'S EVIDENCE STOLEN

Another Chapter in Haskell Hearst Libel Case.

Toledo, April 6.—The Toledo police today took a hand in the Governor Haskell-W. R. Hearst libel case, when they began a search for papers valuable to Hearst which were stolen Sunday in the depot at Hastings, Mich.

For several days Scott MacReynolds, of Chicago, and E. A. Freshman, of New York, representing Hearst, and O. T. Smith, of Guthrie,

Okl., representing Governor Haskell, have been in Toledo taking depositions.

Sunday MacReynolds and Freshman went to Hastings and while in the station at the place their grips, which contained all papers in the suit, were stolen. The matter was reported to the Toledo police. MacReynolds and Freshman have gone to Chicago.

Will Erect Two Cottages.

Joe Lennartz, the caterer, who recently purchased the lots across the street from his home, Moniteau avenue and Wilkerson street, will soon let contracts for the erection of two frame cottages on the ground, which dwellings he will rent.

HENRY GASSAWAY DAVIS

HAS BEEN A MEMBER OF ODD FELLOWS ORDER FOR SIXTY-FOUR YEARS.

IS TO BE PRESENTED A VETERAN'S JEWEL

'Tis of Solid Gold, Studded With Diamonds—F. E. Hoffman, S. C. Fuller and L. E. Johnson Would Love to Be Present.

Elkins, Va., April 6.—Henry Gassaway Davis, democratic candidate for vice president in 1904, will have the honorary veteran's jewel of Odd Fellowship presented to him by Randolph lodge No. 116, of which he is a member, in the Elkins opera house at a date to be fixed later.

Such an honor is only conferred on those whose membership extends over a continuous period of fifty years or more, ex-Senator Davis having been sixty-four years an Odd Fellow.

He was installed in Ellicott City, Md., and in time transferred to West-ernport, Md., and later to Randolph lodge No. 116.

The jewel, which is of solid gold, studded with diamonds, will be presented on behalf of the local lodge by Grand Master Marsteller, a member of the local lodge, and further interest will be added to the occasion, if the committee on arrangements is successful, by addresses by Federal Judge Alston G. Dayton and Rev. W. I. Canter, of Fairmont.

It was through the efforts of Randolph lodge that the grand lodge was induced to select Elkins as the site for the Odd Fellows' home, now nearing completion.

THE HOUSE WAS WELL FILLED

To Hear the Subject, "What Shall I Wear to My Wedding?"

In spite of the threatening weather, there was a splendid crowd at the East Broadway Christian church last evening.

The subject, "What Shall I Wear to My Wedding?" was handled in a unique way by the evangelist, E. H. Williamson, and was a pleasing address to all who heard him.

Prof. Ridenour, the singing evangelist, sang just before the sermon, "Don't You Hear Him Knocking?" There was one baptism at the close of the service.

Tonight Prof. Ridenour will sing and illustrate with the stereopticon the beautiful old hymn, "Abide With Me."

Evangelist Williamson will preach tonight on the subject, "The Change of Heart Essential to Salvation." You are invited to come.

Alleged Felonious Assault.

Lee Hubbard, a negro, was arrested today by a member of the constabulary, charged with making an alleged felonious assault last night on James Hunter, another negro. He will be arraigned in Judge Leaming's court late this afternoon or tomorrow.

State-Wide Prohibition Is Legal.

Montgomery, Ala., April 6.—The supreme court of the state has declared the statewide prohibition law valid. This is the second time that the court has upheld the law. It was attacked this time on constitutional grounds.

New President for the Rock Island.

New York, April 6.—R. A. Jackson, of Chicago, was today elected president of the Rock Island Railroad company to succeed Robert Mather.

DIED ON FORSAKEN ISLE

RICH GIRL CAST LOT WITH HUSBAND WHO SOUGHT CURE FOR LEPROS.

HERE'S A WOMAN WHO WAS TRUE MARTYR

Heiress to Millions and Leader of the Best Society Journeyed 6,000 Miles to Assist Her Husband, a Pathologist.

Winchester, Mass., April 6.—A three-word cable received here from the barren isle of Molokai, Hawaii, announces the death of Mrs. Walter R. Brinkerhoff, formerly Miss Nellie White, of this town, who three years ago gave up the pleasures of wealth and assured social standing and took her place beside her husband to assist him in the care of the lepers, among whom he has cast his lot.

She died a martyr of wifely devotion and to the slowly dying creatures on the island, who fairly worshipped her. The cablegram contained only the three terse words, "Nellie is dead," and no other word has been received to tell the manner of her death.

Mrs. Brinkerhoff was the daughter of the late multi-millionaire, Nelson D. White, and a niece of ex-Governor John D. Long. Her marriage in August, 1907, was one of the most romantic in the annals of New England.

The bride, heiress to millions, and leader of the best society, journeyed 6,000 miles to wed the young pathologist who had devoted his life to the lepers of the Pacific, in a heroic effort to discover a cure for the loathsome affliction.

For the last three years she has lived contented upon the forsaken island, assisting her husband in his laboratories and continually smeared with the malodorous ointment used to prevent contagion.

TO BE NO MORE BARKEEPEERS

An Automatic Machine to Sell Drinks in Future.

Baltimore, Md., April 6.—There is to be no more "rough house" business in saloons, and there will be no further need for the services of the professional bouncer, through the efforts and inventive genius of Jacob Zill, the proprietor of a quench-thirsting emporium in this city.

He has invented a machine that sells drinks and collects pay for them before it delivers the goods. To get results the thirsty one has but to deposit a coin in the slot of Zill's machine.

It doesn't make a particle of difference what the coin is, for the results are always commensurate with the face value of the coin.

BRICK MAN PURCHASES LAND

Pays \$6,000 for Twenty-Acre Tract West of Park Avenue.

J. E. Mecusker, of Jamestown, N. Y., who is in Sedalia with a view of establishing a \$50,000 brick plant, has purchased from Charles F. Lucking, of 420 North Stewart avenue, a twenty-acre tract of land in the western suburbs of the city, on which he expects to erect the plant, provided the \$12,000 bonus asked from the citizens is raised.

The land purchased is just west of Park avenue and north of the main line of the Missouri Pacific. It cost the buyer \$6,600.

STREET CAR CABLE BROKE

As a Consequence Two Were Killed and Six Seriously Injured.

Pittsburg, Pa., April 6.—Two boys were killed and six persons seriously injured early today when a cable on the street car incline broke and a car plunged to the bottom and crashed through a flag station.

Sedalia Boy Joins the Navy.

Louie Mason, errand boy for the Sedalia Printing company, and son of Mrs. W. R. Fennell, returned Monday night from Kansas City, where, yesterday, he passed the examination for entrance into the United States navy.

He will leave for Kansas City next

Tuesday, and two days later will go to San Francisco, Cal., to enter the naval school.

"Ben" Is Now a Contractor.

"Ben" Gorrell, formerly superintendent of the Twelve-Mile Road district, has accepted the Pettis county agency for the Midland Bridge company, of Kansas City, and has also engaged in the contracting business.

Women Want School Directors.

Topeka, Kas., April 6.—A feature of the municipal election being held here today is the effort of the club women to elect two members of the school board, for the first time in the history of the city.

A TORNADO KILLED TWO

WIND STORM IN ILLINOIS THIS MORNING DOES HEAVY DAMAGE.

MANY PEOPLE WERE ALSO INJURED

Storm Demolished Store Buildings and Residences, Uprooted Trees and Otherwise Gave Vent to Its Fury.

Marion, Ill., April 6.—Two persons were killed, many hurt and much property destroyed by a tornado which struck this vicinity early today.

The deaths occurred in Pittsburg, northeast of here, the victims being crushed when their home collapsed. Several store buildings were partly demolished and many small residences unroofed.

As the storm crossed the country it damaged farm buildings and apparently spent its force at Pittsburg, where it uprooted trees, which crashed into dwellings. The property loss is \$150,000.

CHARGED WITH BLACKHANDING

Caught While in the Act of Taking Decoy Package of Money.

McAlester, Ok., April 6.—Joe Landi, a miner, aged 35 years, was arrested at Hartshorne last night, charged with being a member of the Black Hand who tried to extort \$1,000 from J. H. Baker, vice president of the First State bank of Hartshorne.

Baker received a letter demanding that money be left at an isolated railroad crossing late last night. A decoy package was left, with officers on the watch. When Landi appeared the officers overpowered him and took him into custody.

CITY ELECTIONS TODAY

Many Large Cities Are Choosing Local Officials—Liquor Question Issue.

Kansas City, April 6.—Municipal elections are being held in various parts of the central and midwest today. In Kansas, Kansas City, Leavenworth, Fort Scott, Lawrence and Topeka, are electing full tickets.

Chicago, Peoria and Milwaukee are electing minor officials, while St. Louis votes on the full ticket.

The liquor question is at issue in several towns in Wisconsin, Indiana, Colorado and throughout Nebraska.

ROOSEVELT HAS LEFT NAPLES

Started the Second Stage of His Journey Last Midnight.

Naples, April 6.—After spending yesterday afternoon and evening on shore in Naples, Theodore Roosevelt began the second stage of his journey to Africa at midnight last night on board the steamer Admiral, due at Mombassa April 21. Roosevelt will leave the Admiral for a short visit to the ruins of Messina.

WILL LET CASTRO LAND

Former President of Venezuela Can Get Off Boat at Trinidad.

Port of Spain, Island of Trinidad, April 6.—At the urgent request of the state department at Washington, the British government has decided to permit Castro, former president of Venezuela, to land at Trinidad.

BE MARRIED ON APRIL 14

ONCE POPULAR RESIDENTS OF SEDALIA AT NEVADA ON DATE STATED.

MR. P. B. RAFTER AND MISS EFFIE HENRY

Former Was Once Half Owner of the Antlers Hotel—Bride-to-Be Is a Daughter of Engineer J. W. Henry, of the Katy.

Two popular former Sedalians are to be married at Nevada, Mo., April 14—Mr. P. B. Rafter, formerly half owner of the Antlers hotel, and Miss Effie Henry, daughter of Engineer J. W. Henry, of the M., K. & T., and wife. The Nevada Mail of Monday afternoon thus announced the approaching wedding:

The announcement of Miss F. E. Henry and Mr. P. B. Rafter's engagement was made Saturday night at a charming party given by Misses Anna and Louise Ingram at their handsome home on South Ash street.

Ostensibly the raison d'etre of the affair was a consolation party given in honor of Misses G. W. Robinson, J. G. Love and Miss Dora Dodson who soon are to leave Nevada.

The guests were asked to bring something in the way of a donation and to accompany each article with an appropriate verse. The reading of the verses and unfolding of the packages caused a great deal of merriment, and no one suspected that there was anything else in store for the evening until refreshments were served.

The guests were ushered into the dining room; and as they gazed in astonishment at the heart-shaped decorations which prevailed, Miss Louise Ingram said that she had a little surprise, that Mrs. George needed assistance in her arduous duties at Hotel Mitchell; therefore, she had decided to add, not a prop, but a Rafter.

The point was quickly seen, and congratulations and best wishes were showered upon Miss Henry as each one drank her health.

The hostesses also gave Miss Henry a beautiful spoon as a souvenir of the occasion.

The evening was a thoroughly delightful one, and was characteristic of the Misses Ingram, who are noted for their cleverness, as well as for their gracious hospitality.

The wedding of Miss Henry and Mr. Rafter will take place April 14th, early in the morning, at the celebration of high mass. It was only by a special dispensation that the engagement was permitted to be announced during Lent.

Miss Henry is a charming and beautiful young girl, the second daughter of Mr. and Mrs. Henry, of this city.

Mr. Rafter is engaged in the hotel business, being associated with Messrs. George and Moody in the Mitchell, and while having been a resident of Nevada for only a few years, yet he has made a host of friends, who recognize his worth and ability.

WIDOW LIVED IN SEDALIA

Dr. Gunn Married Her, and Yesterday He Suicided.

After writing a note to his wife, who was formerly Mrs. Eliza Given, widow of George Given, of Sedalia, Dr. W. H. Gunn, a physician who had more or less of an interesting career at Oklahoma City, took morphine Monday and died.

That he intended to kill himself was fully evident from the contents of the note he left.

He said he was tired of life because the reverses he had been subjected to for the past few years were too heavy to bear. He directed his present wife to dispose of his possessions and see that he was buried.

Mrs. Given formerly resided at 605 East Twelfth street, and was married to Dr. Gunn less than six months ago, the outcome of an advertisement in a matrimonial paper.

Russell Camp Had Meeting.

The regular meeting of Russell camp No. 2065, Modern Woodmen of America, was held Monday night. In the absence of Venerable Consul Edward Zoellig, S. M. Hodges filled the chair.

Walter Mason, a shopman, was initiated, and the applications of Perry C. Calhoun, of Lamonte, and J. H. Wieder were balloted on.

THE NEW WHITE HOUSE
CHATELAINE.

The social world has watched with
much interest the movements of the
new mistress of the White House,
and a general opinion prevails, in
Washington at least, that Mrs. Taft
will introduce many radical
changes. Those who knew her best
is her official life in Washington and
the Philippines clearly foretold what
would happen—the taking upon her
own shoulders the full responsibility
of the social side of Mr. Taft's admin-
istration as president.

Under the regime of the former
gentle chateleine of the White House
there was a social secretary who
shared in all the social pleasures as
well as attending to the clerical
duties of the position. But Mrs. Taft
has informed the social world that
she does not expect recognition of her
secretary; that she is employed to
perform the duties of clerk and that
she will not appear at all in the so-
cial lists of the White House. For
this position Mrs. Taft has selected a
young woman, a German by birth, of
gentle parentage, who speaks and
writes German fluently, as well as
French and Spanish and English, of
course, so that, through her clerk,
the president's wife will be able to
address communications to foreigners
in their native or familiar tongue.

The president's wife is constantly
in receipt of the greatest quantity of
letters, including appeals for help,
letters from societies and organiza-
tions, from business men and women
soliciting trade, requests for auto-
graphed pictures, etc., etc., and to all
of these answers will be either writ-
ten or dictated to the secretary.

Mrs. Taft's personal correspondence
she will attend to herself, as she has
always done.

Although the constitution provides
that all bills for raising of revenue
must originate in the house, it has
come to be an acknowledged fact,
particularly in recent years, that the
tariff measure as it is finally written
into law is prepared in the senate.

The constitution gives the co-ordinate
branch of congress the right to alter
and amend, and the upper house never
fails to take advantage of this right.
It is admitted that this pre-
rogative will be exercised in the
pending tariff measure, and exercised
without much restraint. Thus, while
the Payne bill is the raw material
from which a tariff act will be made,
the senate measure will be the fin-
ished product.

It is not surprising that the leaders
of the house are disturbed over the
tariff bill. They have brought in a
high protection measure, one in which
the ad valorem rates is one and one-
half per cent higher than in the

Dingley bill. They realize that the
only chance of getting the bill passed
without material reductions is to se-
cure the adoption of a rule which
will deprive the members of a chance
to vote, and they are gradually com-
ing to realize that if they compel the
members to vote for the adoption of
such a rule there will be heavy losses
in the republican ranks of the next
congress.

A tax of 2 per cent on the dividends
of all corporations would meet with
general approval, but if President
Taft imagines such a tax will ever be
imposed by the stock-holding mem-
bers of the senate it is time he woke
up.

Senator Elkins has voiced his indig-
nation because the republican mem-
bers of the finance committee are
holding hearings on the tariff bill
without inviting any of the demo-
crats to be present. This is very good
of the senator from West Virginia,
but knowing the senator we venture
to believe that if he had been ap-
pointed a member of the finance com-
mittee himself he would never have
raised his voice in protest against the
exclusion of the minority.

That President Taft intends to con-
duct the government on an economical
basis as is consistent with efficient
service is evidenced by his "budget
committee," a committee of three of
the cabinet members, whose duty it is
to look over the estimates of all the
departments, and, wherever possible,
reduce expenses. Such a movement
should go a long way toward bring-
ing about a responsible relationship be-
tween the expenditures and the reve-
nues.

According to a volume in course of
preparation by the census bureau, the
size of the average family in the
United States has decreased from
5.8 persons in 1790, the date of the
first census taken in this country, to
4.6 in the same area in 1900. In 1790
families composed of six or more per-
sons represented more than one-half,
while in 1900 they represented hardly
more than a fourth of the families
enumerated.

The father of Mrs. Boyle, now un-
der arrest for her connection with
the Sharon kidnaping case, says she
was a bright and pretty girl, but got
started on a downward path by fall-
ing in with evil companions. How
often the same story has been told,
and how uniformly it ends in the
same distressing manner—shame and
disgrace, both for the girl and for
her parents and other relatives.

It is learned that the committee on
ways and means expects to report
not less than 200 amendments to the
Payne tariff bill. Will any of its
friends recognize it after it gets
through the mill?

If ex-President Roosevelt survives
his African trip and returns to take
up journalism while Mr. Bryan is
still running the Commerce there
will be warm times in the Fourth
Estate.

If the Payne bill does not bear any
resemblance to its former self when
the house gets through with it, it cer-
tainly will not when it is released
from the tender mercies of the sen-
ate.

The Georgia man who traded his
wife for a keg of beer must have
been frothy.

Since the tariff bill puts a duty on
hammers there will be less knocking.

Collar and cuff makers seek to take
the starch out of the linen schedule.

There is a tariff on fence posts,
but postholes are still free.

At any rate, Count Zeppelin is a
good lander.

SOOTHING WASH CURES ECZEMA

Oil of Wintergreen Compound Solves
a Vexing Medical Problem.

One of the most vexing problems in
all medicine appears at last to have
been solved by the most simple of all
remedies. Ordinary oil of winter-
green properly compounded with thy-
mol, glycerine and other mild healing
liquids, tones up the healthy skin,
while killing and ultimately removing
the eczema germs.

This compound, known as D. D. D.
Prescription, has now so thoroughly
proved its efficacy that druggists re-
commend it unhesitatingly.

The sheriff of Franklin Co., Frank-
fort, Ky., Mr. W. H. Graham, writes:
"My twelve-year-old daughter had
been suffering with an aggravated
form of Eczema for more than two
years. We had her under the care of
the best physicians here. Upon get-
ting no relief, we were induced to try
D. D. D. Prescription.

"She was entirely relieved. It has
now been more than one year since
she ceased the use of the remedy, and
no sign of the trouble has appeared."

We recommend D. D. D. Prescrip-
tion to all sufferers from eczema.

ROAD FROM THE KAW TO GULF IN 3 YRS

French Capitalists Made Good Promise
to Pay for the Road—The Kan-
sas Cityan Told to Go Ahead
With Bigger Plans.

Kansas City, Mo., April 6.—It
takes business nerve and courage to
put up one's own money to build a
road. William Kenefick used both
ingredients when he constructed the
Missouri, Oklahoma and Gulf railway
from Wagoner to Calvin, Okla. He
had this promise from French capi-
talists: "Build your road and if looks
good to us we'll pay for it."

The day that a locomotive steamed
into Calvin Mr. Kenefick got this cab-
le message from the "angels" in
France: "Come over and get your
money."

Mr. Kenefick came back to Kansas
City with the cash yesterday. It took
him only two weeks to collect it. And
that isn't all. The French capitalists
were so pleased with the showing
made in the building of the road from
Wagoner to Calvin that another bond
issue has been arranged to finish the
line to Denison or Sherman, Texas.
Mr. Kenefick issued cable orders for
an increase of the building force suf-
ficient to finish the line by Decem-
ber 1.

Still more, Mr. Kenefick brought
back with him. He has the assurance
that the funds necessary to build the
line north to Joplin or Pittsburg will
be available as soon as the road is
built to Texas. If a connection can
not be made with some existing rail-
road Mr. Kenefick purposes to build
his own line from Joplin or Pittsburg
to Kansas City.

"It's altogether probable," Mr.
Kenefick said yesterday, "that the
Missouri, Oklahoma and Gulf railroad
will operate its own trains over its
own tracks from Kansas City to the gulf."

Mr. Kenefick organized the Mis-
souri, Oklahoma and Gulf railroad in
1904. When he found it could not be
financed in Wall street he went to
France and financed it through the
French American bank, in which he
is now a director. The bonds were
issued in small denominations and
sold through the agency of 300 coun-
try banks to small holders in France

FROM STAGE TO PULPIT

J. W. Bayley Will Study to Be an
Episcopal Rector.

Columbia, Mo., April 6.—After fif-
teen years as an actor, J. W. Bayley,
leading man in the plays given by the
North Brothers Stock company in Co-
lumbia last week, has left the stage to
become a preacher.

Mr. and Mrs. Bayley who were at
the Athens hotel, have gone to Kan-
sas where Bayley will enter a theo-
logical school and prepare to become
a minister in the Episcopal church.

Mr. Bayley said while here: "For
fifteen years I have been amusing peo-
ple; now I want to save their souls.
I enjoy acting, but for some time I
have been dissatisfied, and have felt
that I was not doing as much as I
should for humanity. I feel called in-
to the ministry and I am going to an-
swer the call. I have been on the
stage for the last time."

Mr. Bayley showed Mrs. Mary
Shields Lawson, proprietor of the
Athens hotel, a letter from a rector
of an Episcopal church in New York
city commending him for his step and
wishing him success in his work.

Laborator Fishermen.

Dr. Wilfred T. Grenfell is able to re-
port that life is growing less hard
and bleak for his Labrador fishermen.
"We have built several hospitals on
the coast," he told a New York audi-
ence, "and the people are being taught
useful trades. Students from Amer-
ican colleges are lending their assist-
ance in the religious, moral and indus-
trial uplift of the people. Five sur-
geons and six nurses are now at work
on the coast. We needed milk for
the sick. A man came over from Ire-
land and has taken charge of a herd
of 450 reindeer. He is serving without
pay, and says he is doing the work
for the love of God."

Mattresses of Seaweed.

A United States consular report
states that two representatives of an
American mattress manufacturing
company spent a portion of last sum-
mer investigating the quality and
quantity of seaweed, of which large
quantities are driven ashore at dif-
ferent points. As a result, 130 tons
of seaweed, said to be of excellent
quality for mattress-making, were
gathered and pressed. It is proposed
to resume operations on a much
larger scale early this spring.

It is related on good authority of a
well-known poet that he once walked
into the sanctum of a magazine edi-

which was promptly rejected. The
editor endeavored to cheer up the
crestfallen bard.

"Try special articles," he suggested,

"I couldn't do special articles,"
cried the son of Parnassus indignantly.
"For me, romance! And, by the way,
he immediately added,
"that's a good starter for a poem.
Hm—let me see:

FORMER B. & O. MANAGER

"TOM" FITZGERALD, WHO PASSED AWAY THE LAST SUNDAY IN MARCH.

HE WAS WITH THE ROAD FORTY YEARS

Had Many Good Offers to Go to Other Lines, but Never Used Them as a Lever to Have His Salary Increased.

Baltimore, Mo., April 6.—Thomas Fitzgerald, former manager of the B. & O. railroad, who died on the last Sunday in March, is still mourned by his old associates and the men on the line. "Tom Fitzgerald gone!" has been the lament of all the railroaders of the section. He was made general manager of the B. & O. road in 1905, and President Murray, of that road, said of him while he was living:

"Mr. Fitzgerald is a bright man, a smart man and an able man. But why shouldn't he be? For forty years he has been educating a number of presidents, vice presidents and general managers. But he has also acquired knowledge from these men. He is a mental composite photograph of the whole galaxy.

"Mr. Fitzgerald has been a faithful employee of the Baltimore and Ohio railroad for forty years. I know he has had many good offers from other

roads, but I never knew him to go to his superior officers and say: 'I've got an offer of a better job at more money; if you want me to stay here you'll have to meet the raise.' That wasn't Tom Fitzgerald. He was with the Baltimore and Ohio and he intended to stay. He believed his faithful service would be rewarded, and I am glad I had the opportunity to give him that reward which he so well earned.

"We have tried to show that the Baltimore and Ohio railroad was for Baltimore and Ohio men. I don't believe any assemblage was ever more sincere in its respect for anyone than we are tonight for Tom Fitzgerald."

Mr. Fitzgerald went west and then came his appointment as one of the receivers and general manager of the Norfolk and Southern railroad, which he held up to his death. His work as receiver was as fine as any he ever done with the Baltimore and Ohio, although harassed by physical pain.

He began railroad work as a water boy and every step upward was deserved. He was born in Fairmont, W. Va.

BELIEVES IN REDUCTION

CHARLES M. SCHWAB SAYS THE STEEL MEN CAN STAND ANY CUT MADE.

AMERICAN LABOR CAN BEAT THE WORLD

Highest Paid Labor Is the Cheapest to the Employer, Provided That a "Pull" Does Not Fix His Salary.

Chicago, April 6.—"Cut the tariff on steel or anything else all you please. American labor can stand it. I don't care," said Charles M. Schwab at the Auditorium annex.

"I believe in a reduction. I feel just as Andrew Carnegie does on that matter. In my estimation American steel can stand all cuts in tariff that are made. American labor can make the best steel in the world and with it we can compete with the world.

"I know nothing about other lines; that is, technically, but I have enough confidence in American labor to believe that cuts can be made in them without hurting business.

"I have been in contact with labor of all kinds for years and I know what it can do. I know that American workmen can produce more steel in a given time than any other workmen in the world. I know that they can put out better steel than any others.

"We can compete with any other country. We have nothing to fear by a cut in the tariff, because we have the best goods. It is true that we have to pay our workmen most; you always have to pay the most skillful workmen the highest wages.

"The Americans are the best workmen on earth. The highest paid labor is the cheapest to the employer. The man that understands his work thoroughly and executes it without mistakes is the man that makes money for his employer.

"The man who is employed at a cheap wage and goes slowly and makes blunders produces cheaper steel or any other goods and can not compete with the man that thoroughly understands his business and produces good material."

Mr. Schwab looked the picture of health, despite reports of his illness.

A POPULAR LAMENT.

Where Would Society Be If One Was Judged for the Sins of Others?

"O, I tried one of those hair tonics sometime ago and it never did me a bit of good."

That's what many people are saying today when they refuse Herpicide a trial.

It would be as sensible to say "I never travel on a railroad because I often see collisions mentioned in the papers."

Newbro's Herpicide is specially made to destroy the germ that is living on the roots of your hair.

That is why it is so exceedingly efficacious—it is there for the sole purpose of ridding the hair of this parasitic growth, after which the hair grows as nature intended.

JUDGE LEAMING'S DAUGHTER

Was Hostess to Twentieth Century Club in Oklahoma.

The following clipping from the Holdenville, Ok., Enterprise refers to Mrs. Frank L. Warren, a daughter of Judge and Mrs. R. G. Leaming, of this city: The Twentieth Century club last Friday evening scored another success at their "Evening for Gentlemen" at the home of Senator and Mrs. Warren. The evening's entertainment had been looked forward to by the club members for some time, as it promised to be one of the crowning features of the club year, and they were in no wise disappointed.

The names of the committee alone assured success, and Mesdames Warren, Billy, Moore and Fawcett more fully than ever demonstrated their ability at making everybody thoroughly enjoy themselves.

About forty club members and guests were present, and at 8:20 score cards for the game of forty-two were passed. The score cards were gems of art, planned and prepared by Mrs. Warren. They were "the sunbonnet babies" and "the little Dutch boys," sketched in water colors on oval cards and tied with the club colors, green and white.

After two and a half hours with the popular game of forty-two dainty refreshments of sherbet and angel food were served, followed by some very high class music by Mrs. Lawson. Mrs. Smith, a sister of Mr. Billy, was an out-of-town guest.

The time had passed so quickly, it was with reluctance that the happy company bade their hostess and the faithful committee good night.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

MAKE 11 CENTS ON CIGARS

THAT ISN'T BAD FOR THE SELLERS, WHO GET 15 CENTS FOR THE WEED.

THREE PRICES IN 13 DIFFERENT TOWNS

At Toronto the Smoke Costs 5 Cents, at Moose Jaw 10 Cents and at Calgary 15 Cents—Good Cigarmakers in Demand.

New York, April 6.—"I want to place myself on record as saying that a good cigar can not be purchased west of Winnipeg for less than 15 cents," says a writer in the Book-keeper, "and then to be entirely candid in the matter, they're so rank that our ordinary 5-cent brands smoke like choice Havanas in comparison."

There is room for 500 good cigar makers in the three provinces, and there is room for as many more in other parts of the Dominion; but I recommend only the west, where any man who can make a good cigar to sell for 10 cents will be independent within a few years.

"Medicine Hat was the only western town in which I found first class cigars. An American from Chicago made the cigars. He sold them for 5 cents each and thousands were smoked every week. The man was making a fortune."

"Cigars are a good illustration of our ordinary business methods now in vogue. You pay 5 cents for a certain cigar in Toronto. At Moose Jaw you pay 10 cents for the same cigar, and at Calgary it costs you 15 cents. If you object the prairie business man grins and says: 'Well, this isn't Toronto.' One of them said to me: 'Why, sure, we make 11 cents profit on that cigar. They get a quarter for it in Alaska.'"

"Western Canada isn't Alaska. It is a network of railroads. Its freight rates, while high, are getting steadily cheaper. The business methods in the majority of towns might well be representative of those 1,000 miles nearer the dome of the earth."

"If an army of 10,000 American business men, manufacturers and promoters should invade the Dominion west tomorrow they would do more toward development than 1,000,000 of the immigrants. No three regions in the world are more prosperous than Saskatchewan, Alberta and Manitoba. Banner crops have made the farmers independent and each succeeding crop adds to the honey which the American business bee has not seen fit to touch."

One of the Remarkable Cases.
He began after the usual form, to wit: "I have a little boy at home who—" They interrupted him after much the usual form, to wit: "Pardon me, old man, I must be going along. Sorry I can't wait, but I'm due at the office."

"Just a minute," he urged, button-holing the two nearest. "It won't take me a minute."

"All I want to say," he went on, "is that I have a little boy at home who never said a bright thing in his life." They grasped his hands with a thankfulness that could find no expression in words, and then he added: "He's too small. He can't talk yet."

Two Marks of Beauty.
Beautiful eyes and brows are, in one sense, a special gift of nature. Many a plain woman is redeemed by fine eyes; many a pretty face spoiled by red-rimmed, dull, lusterless eyes. But at the same time a great deal may be done to make even unpromising eyes clear and attractive, to render eyes which are only passably pretty really beautiful.

Attention to the general health will go far to make the eyes clear and bright and prevent fatigue, even when they are called upon to do a great deal of work.
Have you never noticed the dull eyes of a person afflicted with dyspepsia, the yellow tinge of overfeeding and neglected liver; the lusterless eyes of the woman who sleeps in an ill-ventilated room, who takes no exercise and spends all her spare time reading novels over the fire?

A TACK HAMMER DID IT

It Drew a Steel Splinter From Eye of a St. Louis Man.

St. Louis, April 6.—Armed with only a 10-cent tack hammer, Dr. G. C. Eggers performed an extremely delicate surgical operation that saved for

George Schmieder the sight of one of his eyes.

A steel splinter, an eighth of an inch long, was removed from the affected optic.

Dr. Eggers skimmed over the surface of the eyeball with the blunt end of the hammer. Suddenly the sufferer felt twinges of pain.

"You've got it, Doc!" he exclaimed, joyfully.

On the hammer's end clung the steel splinter, drawn from the tissue of the eye with the magnetized head of the nail driver.

Making a Seaport.

At a business men's meeting in Atlanta there was under discussion an arrangement with the railroads that allowed merchandise to be shipped to and from that inland city on a through bill of lading. There was much joyous declamation and one orator explained in enthusiastic periods that Atlanta was now the equivalent of a seaport town and able to cope with all rivals. Upon this a Savannahian, whose native city is the real seaport of Georgia, arose and said with some acerbity: "If you Atlantans were to lay a pipe line to the sea and then suck as hard as you blow, you'd be a real seaport in no time at all."—New York Sun.

Had to Have Her Cigarettes.

Because the management of the hotel after a frantic but fruitless searching of the city, was unable to provide any of the peculiar brand of London cigarettes which she is accustomed to smoke and which she says are absolutely essential to her happiness, Mrs. George Wyndham, a wealthy and pretty young English woman, from exclusive Hyde Park, London, gave up her handsome apartments in the Hotel Plaza in New York. With her pretty and demure English maid she went to visit friends in Tuxedo park, where, she said, she would have no trouble in getting all of the cigarettes of the brand she so much desired, but of which she has been deprived.

Wealthy and a Policeman.

Miss Fanny Bixby, one of the richest girls in California, has become a full-fledged policeman. She received the appointment at Long Beach and went to Los Angeles at once to take the oath of office and receive a star. It will be the only jewel she wears. Miss Bixby desires the authority for use in her life work of helping wayward and unfortunate girls. She is the daughter of Jotham Bixby of Long Beach, who is worth several millions. After graduation from Wellesley college Miss Bixby first undertook the career of an artist, but later became interested in helping unfortunate girls.

How To Get Rid of Wrinkles

Wonderful Difference In The Face Produced By Dr. Hebra's Viola Cream.

A Wonder Worker for the Complexion.
A remarkable skin beautifier and a skin remedy, all in one, is found in Dr. Hebra's Viola Cream. It has become immensely popular because no other treatment or face preparation is necessary while using it.

Alone, it so nourishes the skin that it makes the skin youthfully plump, thus making wrinkles disappear. It gives the skin a rosy glow and a healthy tint and purity that is exquisite; it puts an end to blackheads by cleansing the skin pores of impurities, and it makes freckles, pimples, blotches, and red spots, sunburn, tan and chaps disappear.

The Results of Viola Cream Will Be a Revelation to You.

and red spots, sunburn, tan and chaps disappear. Try Dr. Hebra's Viola Cream on your face to-night, and see the difference after a few applications. It is absolutely safe, and never grows hair on the face.

Viola Cream is sold at all reliable drug stores for 50 cents a jar or will be sent, charges prepaid, on receipt of price provided you mention the name of the druggist who could not supply you.

A trial package of Viola Cream and "Guide to Beauty" will be mailed by the G. C. Bittner Co., Toledo, Ohio, for 10 cents to cover postage, packing, etc.

English Money Coined in Canada.

English gold sovereigns were coined on the North American continent for the first time in 1908, when a limited number of these pieces were struck at the newly-opened Canadian mint at Ottawa. Permission to strike these coins, it is said, was given by the British authorities as a special privilege to mark the beginning of operations and extended only up to December 31, 1908, after which the mint was to confine itself to making silver and bronze coins.

Bibulous Prisoner Punished.

In one of the Basque provinces of Spain there is a prison which opens the doors every morning and the prisoners go into the town for housework, gardening or some trade. Some act as commissioners. In the evening they quietly return at the appointed time to the prison, and the jailer most carefully identifies them before withdrawing the bolts for their admission. Once a prisoner ventured to present himself at the gates of the prison in a state of inebriety, and the jailer refused to admit him. "To punish you," he said, "you will to-night sleep out of doors." And the prisoner, it is recorded, in spite of tears and entreaties, was condemned to pass the night outside of prison!

A COMMON ERROR

The Same Mistake Is Made By Many Sedalia People.

It's a common error To plaster the aching back. To rub with liniments rheumatic joints.

When the trouble comes from the kidneys, Doan's Kidney Pills cure all kidney ills.

And are endorsed by Sedalia citizens.

J. M. Logan, 616 West Fifth Street, Sedalia, Mo., says: "I suffered from lumbago for a long time. I had such severe pains in my back that I could hardly get about. I used a number of remedies, also plasters, but nothing benefited me until I began using Doan's Kidney Pills, procured at Bard's drug store. Two boxes of this remedy banished my trouble and I gladly recommend it." (Statement given March, 1906.)

Mrs. Logan, on Oct. 1908, confirms the above statement by saying: "My husband is still in good health and has had no return of his former trouble."

White Strawberries.

A German grower, of Berkeley, has, after 20 years of experimental work, produced two new strawberries, one of which is quite white. The fruit is studded with fine seeds upon the outside, as are ordinary strawberries. Otherwise it is totally different from them. The plant bears throughout the winter in a congenial climate, similar to that which exists in the south of England, and when set in frames during the winter, will bear freely till Christmas. The berries are large and of excellent flavor, equaling in these respects the Paxton and Royal Sovereign.

Keep Men Long in Office. "We do these things better. We provide steady jobs for men like King Edward, Sir John Macdonald and Sir Wilfrid Laurier." So a Canadian paper remarks in reference to the ending of President Roosevelt's career at the White House. The Canadians are certainly fond of giving their chosen chiefs a long inning. Sir John Macdonald ruled the dominion for nearly twenty years without a break and the present prime minister, Sir Wilfrid Laurier, is in his thirteenth year of continuous office.

Why do we sell \$8.00 trimmed hats during Easter week at such a price as \$4.95?

Why do we sell the hundred and one Easter needs that you must buy anyway at the same low prices that have made this store famous as Sedalia's greatest underselling store—the store for everybody?

Well, may you ask such questions, for you have come to know Easter week as the week of all weeks for stores—which use the word "exclusive" as an excuse for high prices—"to stick on the price" and keep it stuck. But then this store's foundation stones are shaped much differently. This store's principles are not such principles of business.

The new stocks that have come into the store this week were cash bought, the same as those which came in last week, and they are priced on the same low cost cash selling margin.

This is why we are selling, during Easter week, such stocks of bright new spring merchandise at money-saving prices.

WHERE DID THE MONEY GO?

Ask Columbia Business Men About Expenditures.

Columbia, Mo., April 6.—An investigating committee of the legislature held a secret meeting here yesterday and examined over a dozen business men as to the expenditures of money by the University of Missouri.

No university official was summoned. The inquiry was among men who have long been citizens of Columbia. Elmer Garey, manager of the university co-operative store, was grilled several hours to see if the store in a basement of university property is not a private enterprise.

The editors of the local papers, William Hirth, of the Statesman; J. E. McPherson, of the Herald, and E. M. Watson, of the Tribune, were questioned as to the conflict between them and the University Missourian.

the daily published by the school of journalism.

The investigation was continued. The committee includes Representative G. A. Aerswald, of Jefferson county; J. W. Hensley, of Gasconade county; and J. W. Hardestey, of Monroe county.

GROOM USED A BED SLAT

It Had a Disastrous Effect on Unwelcome Visitors.

Wheeling, W. Va., April 6.—Dixie Jones, aged 25 years, is lying at his home, three miles east of Moundsville, W. Va., with a fractured skull, and his recovery is very doubtful.

Jones was the leader in a charivari attack on Joseph W. Hammond and his bride at their home near Moundsville at a late hour Saturday night, when Hammond was asked to come out and address the serenaders.

He refused to come, and Jones and his followers gained entrance to the house, the leader proceeding up the stairs with a chair over his head for protection. Hammond, standing at the head of the stairs, demolished the chair with an oak bed slat, and then proceeded to use the weapon on Jones' head.

In turn the serenaders overpowered Hammond, and he was also injured in the melee. Jones was carried to his home more dead than alive, and his condition is very critical. Hammond's arrest is deferred pending the outcome of Jones' case.

A Great Easter Picture.

"The Star of Bethlehem" is the title of a picture shown at the Electric theater, 223 Ohio street. Christ in the manger, the gates of Jerusalem, the shepherds, the wise men, King Herod's court and other scenes during the early life of Christ. It is the first picture of its kind ever shown in Sedalia and by far the best in interest and instructiveness.

Novel Kite Game.
The manner in which kites can be manipulated is well illustrated by the game of Yakata. This game is best played with squads of ten or less a side equipped with ordinary Indian kites of tissue paper and reels like dumbbells.

The game is to fly your kite so that it cuts the string of an opponent's kite by sawing it, rescues being effected by Red Cross kites so manipulated that they get underneath and pick up the falling kite.

Matters of Interest Picked Up From Various Sources For the Benefit of Democrat-Sentinel Readers.

Second Vice President Gray, of the Frisco, yesterday forwarded to the executive officers of the Missouri railroads copies of the letter of Gov. Hadley addressed to him as chairman of the railroads' committee on the passenger rate question, says today's St. Louis Globe-Democrat. He will await advices from the interested lines before taking any further action.

It does not seem probable that any further concessions will be made on behalf of the railroads, and all arrangements are being perfected for placing the mileage books and the 3-cent maximum basis in effect next Saturday, April 10.

In line with the promises of some of the railroads that a better train service would be forthcoming with the restoration of the 3-cent maximum passenger rate in Missouri, the Missouri Pacific has announced its purpose of inaugurating on the day following the adoption of the new tariffs, Sunday, April 11, a new passenger service between Boonville, Tipton, Sedalia and Warsaw similar to the one in service before the enactment of a 2-cent rate law in this state; this train is to run daily.

The service at present on these branch lines consists of mixed trains and the regular patrons will welcome the improved service.

Big Railway Work to Go On.

The Missouri Pacific Railroad company has finished plans for rebuilding its main line between Kansas City and Pueblo, says the Kansas City Star of Monday. Ballast has been ordered for 750 miles of track, which will cover the distance between Kansas City and Pueblo, and some of the branch lines in the state. The track grades are to be widened and the roadway tilled and drained. It is estimated that the work will cost three and one-half million dollars.

A contract was awarded today in Chicago for the double tracking of forty-six miles of the Chicago & Alton tracks in the vicinity of Bloomington, Ill. Estimates are being prepared for the building of the half million dollar

seat, town of Van Wert, are well pleased with business. "The merchants of the county since the closing of the saloons in that city, and a number of professional men, especially doctors, claim it is helping them collect old accounts. There is no question but that business conditions in Van Wert are better than they were prior to the closing of the saloons."

Were it not so TRUE, it would be amusing to note the old stinky souls of Sedalia who have been gripping their dollars for 50 years thinking the saloons help them to be able to sell their property and that the saloons help them pay their taxes. Poor innocent, striveling souls, not a single soul, that could buy an old setting hen has ever THOUGHT of buying their property, and yet they say "Sedalia would be DEAD were it not for giving our money to the MULTI-MILLIONAIRE brewer" in exchange for drunken negroes, umbrella menders, one-legged men, red nosed counterfeiters of men and hop-joint keepers, etc.

The Atchison, Topeka & Santa Fe has resumed the work of double tracking its line between Chicago and Kansas City. Much of the line is already tracked, but the work was stopped following the financial stress. A contract has been awarded for the building of seventy miles of double track on this road, and it is expected that the contracts for the entire double track will be awarded this spring.

Fast Trains Must Make Stops.

Judge Trieber at Little Rock, Ark., Monday denied the Cotton Belt an injunction against the Arkansas railroad commission to prevent its order stopping the fast trains of the Cotton Belt at Thornton and Kingsland from going into effect.

The answer of the defendants was filed, also many affidavits of railroad officials and shippers for each side. The railroad is claiming the towns have ample railroad service at the present time and connections can not be made with the interstate trains if the order is permitted to stand.

Judge Trieber refused to sustain the temporary order and informed the attorneys for the company that they would either have to put on another train or make the stops indicated by the commission.

Find Happiness in Children.

Very domestic is the life of the Belgians, and the children enter into every sort of interest of the parents. They would not think of going to the restaurant or summer garden without the children, and their own pleasures are often but the reflected ones of their boys and girls. The father goes to the circus with his little troupe of young folks about him and enjoys their joys. The happiness of the people is centered in their homes, and anything that will interfere with the good of the child is not tolerated by the self-respecting Belgians.

CHURCH VERSUS A SHOW

THERE WILL BE NO MOVING PICTURES SHOWN ON WEST THIRD STREET.

EAST THIRD ST. PAYING CONTRACT IS LET

Awarded to Midland Bridge Company, Through Ben Gorrell—Home Telephone Co. Asked to Settle With City.

Promptly at 8 o'clock Monday night Mayor Babcock rapped for order at the bimonthly meeting of the city fathers.

Alderman DeJarnette was the only man absent at roll call, but he came in later.

Clerk Baker's minutes of previous meetings were read and filed, on motion of Mr. Baker, seconded by Mr. Johns.

A petition to pave Osage avenue, from Broadway to Seventeenth street, was presented by Alderman Johns. The petition was filed. Mr. Hatton wanted a resolution for the work, but Mr. DeJarnette objected. Mr. Johns recommended that the matter be deferred until the next meeting.

Chairman Hatton, of the sanitary committee, suggested attention be given to unsanitary vacant lots, between Eleventh and Tenth streets and Grand and Missouri avenues. The matter had already been attended to and Mr. Hatton dropped the subject.

The annual monthly reports of city officers were read and filed, on motion of Mr. Ilgenfritz.

Included in reports of officers was the announcement that J. G. Kehl had refused to pay rent for use of a stall at the market house. His reason is that he wants repairs made on the stall. Mr. Baker stated the stall did need repairs, but what the tenant objects to most seriously are the defective walls and ceiling.

E. E. Johnston, representing the First M. E. church, and a party of citizens, protesting against the erecting of an out-door picture show hall in the rear of the Sedalia National bank, presented a resolution asking that the council refuse permission to the American Amusement company to carry out their plans.

In a lengthy talk on the subject, Mr. Johnston said the amusement house so close to the church building is sure to cause disturbance as a result of applause given at the show, and the church people asked protection at the hands of the council.

Lee Montgomery, representing the amusement company, addressed the council in opposition to Mr. Johnston. The speaker stated "the cause of the trouble" is to be merely an iron fence with canvas covering for the displaying of moving pictures and would not cause any applause that is likely to disturb religious services at the church.

Harvey D. Dow also spoke on the subject, opposing the picture show, because he has an office in close proximity.

Harvey T. Williams was the next speaker on the subject, and like the others, opposed the show.

Alderman Andler, in an appropriate talk, suggested referring the matter to the committee to report back.

Alderman Ilgenfritz opposed the proposition, suggesting that the promoters rent a building and compete with other amusement house owners. Mr. Ilgenfritz concluded by moving that the license be refused.

Mr. DeJarnette likewise opposed the show, and seconded the motion. On being put to a vote it resulted as follows: For the show, 0; against the show, 8.

Bids for paving Third street, from Lamine to Hancock avenue, were submitted, as follows: C. P. Werner, \$1.36 per square yard; Dean Bros., \$1.35; H. W. Graham, \$1.35½; Midland Bridge company, represented by J. Ben Gorrell, \$1.31.

On motion of Mr. Johns, the Midland Bridge company was awarded the contract.

The City Water company reported, having completed the extension of mains in North Sedalia. The report was filed.

An ordinance to pave Third street, from Lamine to Hancock avenue, was passed.

An ordinance letting to Ben Gorrell the contract for the work was passed.

An ordinance establishing the grade on Prospect avenue, from Twelfth to Twentieth street, was passed.

A resolution for sidewalks on the west side of Prospect avenue, from

Tenth to Sixteenth street, was laid over until the next meeting.

An ordinance for concrete sidewalks on the south side of Third street, from Lamine avenue to the Third National bank building, was read. Mr. Johns offered an amendment so as to include the bank property. Mr. Ilgenfritz favored such an amendment.

The amended ordinance passed by a full vote.

A resolution for sidewalks on the east side of Marvin street, from Fifth to Sixteenth street, was read and adopted.

Specifications for curbing for West Third street in time for next meeting were ordered by Alderman DeJarnette. Clerk Baker was also instructed to advertise for bids.

All properly audited bills were allowed and warrants ordered drawn in payment.

Alderman Ilgenfritz brought up the delinquent taxes of 2½ per cent due the city from the Home Telephone company for the past two years.

City Attorney Blain was instructed to attend to the matter.

At 10:20 a. m. council adjourned.

A NOTED LAWYER KILLED

POPE HILL THIRD VICTIM IN CELEBRATED DODGE CASE DEATH TRAIL.

DEAD WITH PISTOL IN HAND AT M'RAE GA.

Threatening Letter Found In His Pocket—Indications of a Desperate Struggle Before Fatal Shot Was Fired.

McRae, Ga., April 6.—That Pope Hill, a prominent attorney of Macon, is the third victim of an assassin in the now celebrated Dodge case is the belief of the authorities of this county. The coroner's jury, after a careful examination, declared last afternoon that Hill was murdered by "parties unknown."

Hill was found dead in the office of a local attorney at 7 a. m. yesterday, a bullet in his brain and a revolver with one chamber discharged grasped in his right hand. The condition of the office indicated a desperate struggle. The stove had been turned over, the coal scuttle was crushed and the furniture was broken. On the floor lay an unfinished court motion in the Dodge case, drafted by the dead lawyer, which he came here to file yesterday.

Hill arrived here at noon Sunday and went into a friend's law office to work on the case. A little while later he went to the home of the proprietor of a hardware store and said he had received some threatening letters and wanted a revolver. He was so insistent that the hardware man opened the store and sold Hill the revolver which was found clasped in his hand yesterday. Hill returned to the office and was not again seen alive.

When the body was found he had been dead several hours. The bullet had pierced his right eye and entered the brain. Blood stains on the walls indicate that he must have been shot while standing up. The first idea of suicide seemed contradicted by the fact that there were no powder burns on his face, and there was every indication of a desperate struggle in the office, which apparently began while Hill was in the middle of the work of preparing his motion for the court yesterday.

When his body was searched a note addressed to him at Macon was found. It was written in a childish hand, and said:

"Pope Hill—The next time you interfere with our settlement you will be broke."

Instead of a signature there was a rudely drawn skull and crossbones. The authorities believe that Hill received other threats after he arrived here Sunday, which impelled him to buy the revolver.

The trail of deaths and injuries in the Dodge case began in 1891. In that year Capt. John C. Forsythe, who represented the N. W. Dodge estate, was assassinated. After a six weeks' trial, five men were sent to prison for life for the crime.

Soon after this Lucius Williams, one of the claimants' attorneys, was killed, and for weeks the entire country was in a state of great excitement. Since then there have been numerous encounters growing out of the case, in which the participants received several gunshot or stab wounds.

The Dodge lands cover some 400,000 acres in Pulaski, Dodge, Telfar and Lawrence counties. The titles rested on ancient land grants, and since 1882 there has been continuous litigation over their ownership. Many squatters settled on different parts, and there was trouble every time an eviction was attempted. The Dodge heirs were kept busy protecting their title and dispossessing squatters.

Harry, Son of George Suter, the Plumber of This City.

Fort Smith, Ark., April 6.—The White Sox regulars stopped off here on their way to Little Rock yesterday and took a good, clean game from

the local aggregation by the score of 4 to 1.

Harry Suter, of Sedalia, Mo., Coniskey's Pacific coast recruit, did the pitching and struck out fourteen men. He held the locals down to four hits, three of which were bunched in the ninth inning, when the only run was scored.

Five White Sox fell victims to Pitcher Thompson's shoots. He was touched up for ten hits however, five of which were bunched in the fourth inning, when the Sox stowed the game safely away by scoring three runs after they had made one in the initial inning. The score:

Chicago 4 10 2

Fort Smith 1 4 2

Batteries: Suter and Owens; Thompson and Schmidt.

FIGHT IN NEWSPAPER OFFICE

Candidate for Mayor of Little Rock
Resents Editorial.

Little Rock, Ark., April 6.—George C. Naylor, manager of the Arkansas Democrat, and Dr. J. F. Hammett, independent candidate for mayor of Little Rock, had a rough and tumble fight in the Democrat office last evening.

The trouble was caused by an editorial in the Democrat which Hammett resented. He called at the Democrat office and Naylor assumed responsibility for the article. After fighting for several minutes in Naylor's office, it is said Hammett fell down a long flight of stairs. Both men received several bruises.

NOW HOME WITH A BRIDE

PIUS KIEL WINS BOUT WITH IMMIGRATION OFFICIALS FOR A YOUNG GIRL.

BROTHER PETER IS ALSO GLAD IT IS OVER

He Was Willing to Wed Her Himself, but Isn't Jealous About It—All Will Live on the Same Missouri Farm.

Brookfield, Mo., April 6.—Pius Kiel and his bride, formerly Miss Sybilla Lambert, of Germany, arrived Sunday from New York, where the girl was detained at Ellis Island for several days, awaiting the arrival of Kiel from Brookfield.

As soon as Pius reached New York his brother, Peter, who had brought the young woman over from Europe, hastened here to attend to his business affairs, leaving Pius to wed the girl and come home more leisurely.

When Peter arrived in Brookfield it was found that however willing he might have been to marry Sybilla Lambert, the wistful immigrant, in case Pius had not cared, yet he cherished no jealousy against his brother when the latter came on as fast as steam could pull him to claim his promised bride.

When Peter arrived he said his brother and the girl would follow in a few days, but just when he was figuring they ought to be here he got a letter from Pius saying further complications had arisen, making it probable that the immigration officers would deport the young woman, and that in that case he would return with her.

Furthermore, that under certain circumstances the laws of Germany require that they remain in that country thirty days before the marriage ceremony could be performed.

Peter was in great distress when the glad news came that all difficulties had been surmounted and the marriage vows pronounced.

"They'll be here in two days," was his hopeful comment, but a whole week of the honeymoon elapsed before the happy pair arrived. When they did come no one was so glad to see them as brother Peter, who had hopes of being the husband himself.

Mr. and Mrs. Kiel went directly to their little farm, where Pius has plenty of belated spring work demanding attention, while the house, which for so long has been only a bachelors' hall, presents an interesting problem for the young wife.

40 Years of Success

For over 40 years Dr. Pierce's Family Medicines have kept the lead and still stand in the front rank as curative agents.

They are little advertised now, as compared with many others, resting, as they do for popularity upon their many years of marvelous cures and the grateful friends they have made.

ASK YOUR NEIGHBORS

They must know of many cures of bad cases of Female Weakness and Kindred Ailments of Women due to the use of

Dr. Pierce's Favorite Prescription

IT MAKES WEAK WOMEN STRONG,

SICK WOMEN WELL.

It's the only advertised medicine for woman's ills which contains neither alcohol (which to most women is worse than rankst poison) nor habit-forming, or injurious drugs and the makers of which are not afraid to print all its ingredients on its outside wrapper. Is that not significant?

Dr. Pierce's Golden Medical Discover

Is equally renowned for its many cures of Stomach Weakness, Indigestion, Torpid, or Lazy, Liver and kindred derangements, as well as for Blood and Skin affections. In many ailments of women the combined use of these two medicines is advised.

It's only a dishonest dealer, here and there, that will attempt to persuade you to accept a secret nostrum in place of these time-proven remedies of KNOWN COMPOSITION. Resent the insult to your intelligence and trade elsewhere.

GOOD JOB FOR RUSH LAKE

Said He Is Sated for the State Coal
Oil Inspectorship.

Jefferson City, Mo., April 6.—According to the general belief here Rush C. Lake, private secretary to Governor Hadley, and secretary of the republican committee, is to be the state coal oil inspector if the legislature passes the bill prepared by Hadley abolishing all the present inspectors and the creation of the office of state inspector.

The bill is one of the measures fathered by the governor that has a good show of passage. While it abolishes many minor positions, it likewise takes away from the governor much political power which he has by reason of the great number of persons he would appoint to fill these positions.

In the event that the bill does not pass Lake is to be coal oil inspector for Kansas City. It is claimed that this fact was determined when Lake consented to take the present position of private secretary to the governor.

Miss Walton has just opened dress-making parlors in the Hoffman building and is prepared to serve the ladies of Sedalia.

Baby Laugh
It belongs to health for a baby to eat and sleep, to laugh and grow fat.
But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.
The way to be fat is the way to be healthy.

GIRLS WHIPPED IN COURT

Judge Prescribes Switch and Parents Lay It On.

Atlanta, April 6.—Hattie Hood, aged 13 years, and Sallie Ogles, aged 17, were whipped in police court by order of Recorder Broyles, who had been appealed to by the parents of the girls to punish them for their unruly conduct. After hearing all the evidence in the case, the recorder said:

"A good whipping is what these girls need. That will do them more good than a fine. A great many girls might profit these days if they were given a taste of the switch."

The recorder then ordered straps to be provided, and while the girls were held by policemen the parents laid on with a good will. Witnesses say the whipping was well and completely done. Sallie Ogles was married some time ago, but is now separated from her husband.

COUPLE PARTED AT ALTAR

Bride Goes Out Back Door and Groom Departs Through Another.

Clinton, Ok., April 6.—A smattering of the old Indian marriage custom was put to use here last week when Joshua Heap-of-Birds and Mary Tobacco Cheyennes, were married.

After the marriage ceremony the bride and groom parted, the former going out of the back door and the bridegroom out of the front door. They went to their respective homes,

where each will remain for a time, when they will live together in their own home.

Mary Tobacco has the distinction of being the most beautiful Indian girl in Western Oklahoma.

TALK OF THE TOWN

Nearly Everyone in Albion, Mich., Praises Mi-o-na, the Money-Back Cure for Indigestion.

Albion, Mich.—The people of Albion are elated to an unusual extent because of the many and remarkable cures which have lately been made by Mi-o-na, a dyspepsia cure with a world-wide reputation. Everybody is endorsing Mi-o-na. Here is what some respected residents say:

Mrs. E. C. Cass says: "Mi-o-na cured me of stomach trouble that had bothered me a long time."

W. H. Mott says: "I had doctored for months without help. Used Mi-o-na and since using it three years I have been free from the distress."

Mrs. Emma Overly says: "For months I had dyspepsia, bad stomach distress, pains and nausea. Nothing I used relieved or cured till I used Mi-o-na."

The W. E. Bard Drug Co., Sedalia, sells the wonderful dyspepsia cure, Mi-o-na, for 50 cents a large box and they think so well of it that they will give your money back if it doesn't cure.

BURY NEGRO AMONG WHITES

Former Slave's Request to Be Interred Beside Owner Granted.

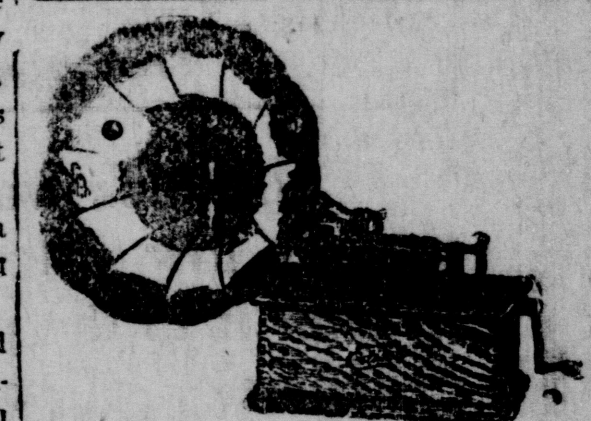

Chillicothe, Mo., April 6.—Lyndon Johnson, a well-to-do negro, who died here yesterday, will be the only African American buried in Edgewood cemetery, this city.

Johnson formerly was a slave of the Turner family, of Virginia, who moved here many years ago. His former owner freed all her slaves before the war.

In the latter years of his prosperity Johnson showed his gratitude by having her body removed from an unused cemetery and reinterred in a lot he purchased in Edgewood cemetery.

He erected a monument to her and requested that when he died he should be buried by her side.

His request will be complied with.

When Nerves Twitch

Weak Women

suffer greatly from their nerves. They twitch, pull, ache and throb and keep things all wrought up.

What is needed is a gentle tonic like Cardui, to soothe the nerves into forgetfulness and repose.

Of course the reason you need Cardui is that it is a woman's medicine, that acts on womanly troubles, hence helps womanly nerves.

Cardui has been so wonderfully successful in relieving or curing other women's ailments, that we are pretty safe in saying it will surely help you.

Experience counts. Read the experience of Mrs. Alta Hanes, of Griffithville, Ark. She says: "Before I took Cardui for my female troubles, I suffered death a thousand times. I used to have nervous spells until sometimes I didn't want to live another minute. The first bottle helped me, and after taking ten bottles I am today a well woman." Try Cardui.

EASTER GOWN WRECKS MIND

Cincinnati Flat Janitor Went On a Rampage Over a Dress.

Cincinnati, O., April 6.—Tenants of the fashionable Sommerfeld flats, Clinton Springs and Mitchell avenues, were kept in a state of terror by the janitor, Louis Zinsley, 50 years old. He had been hard at work and at night on preparing to retire began to fret because his daughter, 19 years old, insisted on staying up to finish an Easter gown. He objected to the style and remarked:

"The world was born foolish." A younger child, tittered and he flew into a rage. Grabbing an ax, he chased his family through the building, threatening all who attempted to stop him.

MAY NOT PLAY IN OPENER

WAGNER SAYS LITTLE FINGER WILL KEEP HIM OUT OF EARLY GAMES.

THE PITTSBURG PIRATES WILL MISS HIM

He Injured the Digit While Playing Basket Ball—Had He Been With the Club Practicing Might Not Have Been Hurt.

Pittsburg, Pa., April 6.—Hans Wagner, the Pirates' matchless shortstop, will probably not play in the opening game with the Griffith's Reds in Cincinnati, a week from Wednesday.

He so announced himself yesterday, and, questioned concerning the matter at his home in Carnegie, gave mute evidence of his inability to play in the initial National league contest by holding up his left hand, displaying the little finger entirely swathed in bandages. The mighty Teuton received a severe injury to the digit almost three weeks ago in a basketball game.

Wagner was to have joined the Pirates today, and everybody, with the exception of Manager Fred Clarke, had been under the impression that this would be the program. Clarke was notified of the accident by Wagner, but he did not make knows the fact.

"I will join the team in Cincinnati April 14, the date of the opening game," said the Carnegie Dutchman, "but it will be a miracle if my finger is in shape to play. I will be on hand, nevertheless, and hope to get into the game at the earliest possible date."

Wagner tried again yesterday to use a bat in practice, but he can not close his hand tightly on the stick and had to give it up. The big German feels somewhat foolish over the fact that he has boasted so much about taking the best care of himself and always being in condition, but he is compelled to admit now that had he been at Hot Springs in practice with the rest of the boys there would have been no accident to his hand. The little finger is cut to the bone.

Don't drug the stomach or stimulate the heart or kidneys. That's wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative, and see how quickly good health will come to you again. Test and see! Sold by the W. E. Bard Drug Co.

HIS GOATS LIVE ON "BOOZE"

Ranchman Says Animals Are Blear-Eyed and Walk on Hind Legs.

El Paso, Texas, April 6.—That his herd of goats refuse any sustenance except whisky and that he expects they will die from the tremens, is the statement of Julio Medonado, owner of a big hacienda near Celaya, Guanajuato, Mexico.

Medonado recently acquired a field in which the owner had grown the marihuana plant, from which is distilled a beverage which is said to beat America's cheapest whisky.

The goats first nibbled at the plants, then acquired the taste and soon began frolicking in the field.

They now refuse to lie down at night, have a peculiar look in their eyes and many of them, he declares, walk on their hind feet like Satyrs.

RICH WOMAN IS IN JAIL

Husband Is in Sympathy With Suffragist Wife.

Chicago, Ill., April 6.—Mrs. Emma E. Kershaw, a woman suffragist and wife of a wealthy business man, occupies a cell in the county jail because she refuses to pay a judgment of \$195, obtained by a neighbor, Mrs. Belle McClelland, who alleged Mrs. Kershaw attacked and slandered her following a dispute over a living apartment owned by the Kershaws and occupied by the McClellands.

Mrs. Kershaw was seized on a body warrant during the absence of her husband. Declaring she would stay in jail six months rather than pay the judgment, if the prosecutor's husband was willing to pay the county that long for her board, Mrs. Kershaw left a note on the dining room table for her husband and accompanied the deputy sheriff to prison.

Otto Kershaw says he is in thorough sympathy with his wife's determination to suffer imprisonment rather than satisfy the judgment. He is planning to make her incarceration as comfortable as possible.

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sore by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. Who S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. FAMILY CURED OF SKIN TROUBLES

Two Little Girls had Eczema Very Badly—In One Case Child's Hair Came Out and Left Bare Patches—Father's Head Sore from Childhood—In All Three Cases

CUTICURA MET WITH ITS USUAL SUCCESS

"I have two little girls who have been troubled very badly with eczema. One of them has it on her lower limbs. I did everything that I could hear of for her, but it did not give in until warm weather when it seemingly subsided. The next winter when it became cold weather the eczema started again and also in her head where it would take the hair out and leave bare patches as large as a quarter of a dollar. At the same time her arms were sore the whole length of them. I took her to a physician and he said that she had two distinct types of eczema. I continued with him for several weeks and the child grew worse all the time. Her sister's arms were also affected in the same way. My husband came home one day with a box of Cuticura Ointment and a cake of Cuticura Soap. I began using them and also the Cuticura Pills and by the time the second lot was used their skin was soft and smooth as it had not been before for the winter. We keep the Cuticura Soap and Cuticura Ointment constantly by us and when any little roughness or irritation appears on their skin I quickly dispel it with the Cuticura Remedies. My husband has used them with most satisfactory results for a sore head which has troubled him from childhood. Mrs. Charles Baker, Albion, Me., Sept. 21, 1908."

Cuticura Ointment is one of the most successful remedies for torturing, disfiguring humors of the skin and scalp, including loss of hair, of infants, children, and adults, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed by mild doses of Cuticura Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humors, eczemas, irritations and inflammations, permit rest and sleep and point to a speedy cure when all else fails.

Cuticura Soap (25c), Ointment (50c), Resolvent (50c), and Chocolate Coated Pills (25c), are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 137 Columbus Ave., Boston. Mailed Free, Cuticura Book on Skin Diseases.

STONE TAKES WARP

SAYS THE TARIFF BILL GIVES THE TRUSTS HOLD IN THE PHILIPPINES.

HE SAYS THERE IS A JOKER IN THE DECK

Compels United States to Maintain Permanent Sovereignty Over the Islands—Substitute Limiting It to Fifteen Years.

Washington, April 6.—Senator Stone took the warpath yesterday against a newly discovered "joker" in the Payne tariff bill, which, the Missourian contends, will enable the sugar trust and the tobacco trust to compel the United States to maintain a permanent sovereignty over the Philippine Islands.

When the senate reconvenes Thursday Mr. Stone will offer a substitute for the Philippine section of the Payne bill. Mr. Stone's substitute will provide:

"First—That the complete neutralization of the Philippines shall be affected and an independent local government established within fifteen years, under the auspices of the United States.

"Second—That meanwhile all purely Philippine products be admitted to the United States free of duty without limitation as to quantity, and that American cotton goods, agricultural implements and machinery used in the Philippines for manufacturing purposes be admitted to the Islands free."

The Payne measure proposes to admit sugar free up to 360,000 pounds a year and to admit tobacco and cigars under a similar limitation. It puts the Philippines on a basis similar to that of Porto Rico in its tariff relations with the United States.

Senator Stone thinks to make such an exception of the Philippines would be tantamount to a declaration of sovereignty without reservation. He thinks also that the free admission of only Philippine sugar and tobacco constitutes an invitation to the sugar and tobacco trust to enter the Philippines on terms implying the permanent protection of their interests.

He claims that if these trusts are once rooted in the islands on such terms the pressure against granting Philippine independence would be so great it could never be effected.

Therefore, he will try to have a policy declared which denies an intention to uphold a permanent sovereignty, nothing unsafe or harsh, sold by the W. E. Bard Drug Co.

PINLESS CLOTHES LINE

A New Enterprise Opens a Factory at Clinton, Mo.

The Pinless Clothes Line is the greatest line ever hung up. It is the washer's friend, saves time, labor and patience. Does away with the old-time clothes pins. No clothing to fall in the dirt and be washed over. The line cannot get out of order. Nothing to injure the finest fabrics. Frozen clothing can be more easily removed. The high winds cannot blow the clothes off the line. It is highly recommended by all who use them. They are 66 feet long and hold as many clothes as an ordinary 100-foot single wire line. Our agents are now in your city and will take great pleasure in demonstrating the PINLESS CLOTHES LINE. TRY ONE.—PINLESS CLOTHES LINE COMPANY, CLINTON, MISSOURI.

An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously.

Dyspeptics cannot eat the things they like; food sours in the stomach; then chronic constipation begins, or, as is often the case, you have been constipated all along, and the stools are forced and irregular.

But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you go to your druggist and get a bottle of Dr. Caldwell's Syrup Pepsin, the wonderful cure for stomach, liver and bowel troubles. That is what C. Fowler, of Carson City, Mich., did and he is well today. Others who did the same and are cured are Ida A. Fortune, of Grand Junction, Tenn.; E. F. Thompson, of Shenandoah, Ia., who actually considers that it saved his life. You can obtain a 50-cent or \$1 bottle that the druggist, and, taken according to directions, it will probably be all you need. It is a liquid, acts gently, never gripes, and besides the laxative effect, contains exceptional tonic properties which tone the stomach, and that is what is especially needed in indigestion.

All sufferers from indigestion who have never used Dr. Caldwell's Syrup Pepsin can obtain a free test bottle by writing the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction Dr. Caldwell's Syrup Pepsin is the very remedy they needed to cure indigestion. When once you use this grand remedy you will throw violent cathartics, tablets, salts, etc., away.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 509 Caldwell bldg., Monticello, Ill.

QUITS BRYAN DOCTRINE

FLORIDA DEMOCRAT, IN HOUSE, RENOUNCES NEBRASKAN AND POPULISM.

HIS STATE IS FOR PROTECTIVE TARIFF

Red-Hot Fight for Control of the Party by Old-Line Democrats in the Next Presidential Convention Is Predicted.

Washington, April 6.—In a speech in the house yesterday, during the debate on the tariff bill rule, Mr. Clark, of Florida, publicly renounced Bryan and populism. Mr. Clark called attention to memorials of the Florida legislature asking for a duty on long-staple cotton and on citrus fruits, etc. "I am instructed in that regard," he exclaimed, "and no hawkers and opinionated democrats can make me violate a solemn obligation I owe."

Believing Mr. Clark's remarks about populism applied to him Mr. Randall denied that any populism was contained in his record.

"Did you intend for the house and the country to understand that the democracy is in any way affiliated with populism?" asked Mr. Randall.

"We don't intend," retorted Mr. Clark, "so far as I am concerned, and I believe the people I represent, to follow your Nebraska populist leader any more."

"Does the gentleman stand with the New Jersey democrat that thinks that Bryan knew too much of the decalogue to be president of the United States?" propounded Mr. Randall.

"The southern democracy," responded Mr. Clark, "never made a greater mistake than when it turned its back on its democratic friends in the east that it has driven from the party and tied up with populism out in Nebraska."

"Have you no convictions?" asked Mr. Finley, of South Carolina.

"I have," responded Mr. Clark, "no convictions of men who represent nothing but a short bale of cotton, a nigger and a mule."

Thunderous applause on the republican side interrupted Mr. Clark, and when quiet was restored he continued:

"The democracy ought to be progressive if it is anything. I do not consider that you gentlemen," he declared, looking around on the democratic side of the house, "represent democracy any more than I do. We will meet at the next national convention and will then see who is to control and who will represent the democratic sentiment of this great republic of ours."
